Sample Document for AI Chat Demo

This is a sample PDF to demonstrate the AI document chat functionality.

It contains information about artificial intelligence and machine learning.

Page 1: AI is a field of computer science that aims to create machines capable of intelligent behavior.

Machine learning is a subset of AI that enables systems to learn from data.

Page 2: This page discusses natural language processing.

NLP allows computers to understand and generate human language.

It is used in chatbots, translation, and text analysis.

The demo system uses embeddings and retrieval to answer questions based on this document.
